Date \_\_\_\_\_

Consignment Agreement:

I will sell your guns for 20% of the eventual selling price of the gun or \$75 each, whichever is higher. I require \$75 down to take photos, write up and list gun, which is not refundable even if gun is returned to you, but will be applied to the commission price when gun(s) sell. This simple agreement that you and I will sign with a copy to you, includes these terms. I will log the gun(s) in my FFL location and keep in our locked steel gun cabinets, until they sell, or you decide you want them back for whatever reason. Since they are transferred to me for sale, if you take it back, you will have to do a form 4473 background check to pick it up. When Gun(s) sells, I will write you a check for the net balance. The commission is calculated on gun sale price, and not shipping, taxes, etc. You will have access to all gun broker paperwork related to your guns and I will contact you before lowering a price if it (they) does not sell for a while.

Of course, we need to have complete gun description and add serial numbers to all paperwork. Any information as to age, specifics about the firearm and photos will be most helpful. A photocopy of your Driver's License is also required.

If this is agreeable, you can bring your gun(s) with you to my office at 307 Clinton Street, Suite 100 and we can proceed.

This agreement acknowledges receipt of the firearm(s) listed & attached, to Madison County Firearms and transfer to 307 Clinton Ave.W., Suite 100, office of FFL where steel gun cabinets store firearms.

Signed:
